Alternative Valuations

Broker Price Opinion (BPO)

A BPO is typically completed by a real estate broker or agent and is not required to conform to USPAP or state appraisal law. The broker or agent combines their inspection observations with data, usually MLS or public records, and reports their analysis by way of the BPO form.

Product	Turn Time	Product	Turn Time
BPO - Exterior	5 Days*	BPO - Rush Exterior	3 Days*
BPO - Interior & Exterior	5 Days*	BPO - Rush Interior & Exterior	3 Days*

Use cases:

- Private Lending
 - Investor Collateral Risk
 - Portfolio Loans & Maintenance
 - Short Sales
 - Pre-foreclosure & Foreclosure
 - Loan Modification
 - Second Opinion Valuation
- Product for Non-QM Originations
- Two forms (adjustments vs. no adjustments)
 - Exterior-only inspections are more commonly ordered compared to interior inspections. Interior inspections are only mainly performed on vacant properties

Commercial BPO (CBPO)

A CBPO requires 2 approaches to value: a Market Approach and an Income Approach which calculates income projections based on comparable market income data, expenses and a Capitalization (CAP) rate.

Product	Turn Time	Product	Turn Time
CBPO - Exterior	5 Days*	CBPO - Rush Exterior	3 Days*
CBPO - Interior & Exterior	5 Days*	CBPO - Rush Interior & Exterior	3 Days*

Use cases:

- Private Lending
 - Investor Collateral Risk
 - Portfolio Loans & Maintenance
 - Short Sales
 - Pre-foreclosure & Foreclosure
 - Loan Modification
 - Second Opinion Valuation
- Product for Non-QM Originations
- Two forms (adjustments vs. no adjustments)
 - Exterior-only inspections are more commonly ordered compared to interior inspections. Interior inspections are only mainly performed on vacant properties

Commercial Sales Comp. Eval (CSCE)

A CSCE simply utilizes a Market Approach to value based on 3 Sales and 3 Listings of properties with similar Functional Utility as the subject – very similar to a traditional Residential BPO. They are easier and typically faster to complete as there is much less data analysis involved.

Product	Turn Time	Product	Turn Time
CSCE - Exterior	5 Days*	CSCE - Rush Exterior	3 Days*
CSCE - Interior & Exterior	5 Days*	CSCE - Rush Interior & Exterior	3 Days*

Use cases:

- Private Lending
 - Investor Collateral Risk
 - Portfolio Loans & Maintenance
 - Short Sales
 - Pre-foreclosure & Foreclosure
 - Loan Modification
 - Second Opinion Valuation
- Product for Non-QM Originations
- Two forms (adjustments vs. no adjustments)
 - Exterior-only inspections are more commonly ordered compared to interior inspections. Interior inspections are only mainly performed on vacant properties
